## Valuation Magazine

[Valuation](#) magazine has much to offer. One of this issue's featured articles is *Market Madness of 2021* on how pent up demand, inventory shortages and historically low interest rates created the hottest housing market in 50 years.

Another recurring column, well worth the read, is *Cool Tools*. It provides information on software and gadgets for valuation professionals. In this issue learn how to protect your mobile devices against threats, spam and phishing.

*Valuation* magazine is the quarterly publication of the Appraisal Institute. Current and archived [editions](#) are available for free in digital format to all appraisers.
