Pay a Little More - Get a Whole Lot More

Having the right programs makes your work so much easier. We want our customers to have everything they need, and nothing they don't.

We have recently revised our price list to offer three packages that we believe best meet the needs of SFREP customers. The Platinum package now includes exceptional add-ons to save time and streamline your workflow.

PLATINUM PACKAGE INCLUDES

CompLink - Enjoy a quick and easy way to bring in data from your local MLS. Add it to your Comp Manager database for later use or instantly add it to your appraisal report.

Market Analysis Service - Integrate your local MLS data smoothly into your appraisal. Enhance your appraisal report with detailed analysis, graphical charts, and Comment addenda.

Inspect-a-Lot - Take notes, sketch, and get photos in the field. When you're done, wirelessly transfer everything into your Appraise-it Pro report.

400 Flood Maps - You may never run out of flood maps.

Custom-Built Company Website - We do all the work. Choose a template, answer a few questions, and our development team gets to work. Setup and all content creation are included (a $300 value). You will work hand-in-hand with Communications Director Matt Johnson to create a website tailored to your needs. For additional website information, click here.

Take a moment and review the new SFREP price list. Select a package that suits your needs. A sales manager will be happy to assist at 800-523-0872.

Important Upcoming Webinars

We recommend attending a live webinar to see Appraise-It Pro in action. You'll get real-time demonstrations, hear questions from other appraisers, and have your own questions answered.

Be Prepared for UAD 3.6

We have plenty of time to be prepared for submitting UAD 3.6 reports, but let's not waste it.

The transition to UAD 3.6 is designed to be seamless in Appraise-It Pro. Take just three minutes to watch this introductory UAD 3.6 Video—you'll quickly see why.

The SFREP development team has been working diligently for more than two years to make this program the best it can be, ensuring its availability before the deadline. We believe it will be the best on the market. We also believe our customers will be pleasantly surprised at the easy transition. Here's how you can get ready:

- Get comfortable using Appraise-It Pro
- Attend a UAD 3.6 webinar
- Watch our UAD 3.6 training videos
- Sign up for the UAD 3.6 preview release, available later this month

Important: The UAD 3.6 dynamic form will not be supported in Appraise-It Classic. If you haven't already, now is the time to move to Appraise-It Pro. Have questions? Our team is ready to assist with the transition and ensure you're set up for success.

Want early access to the UAD 3.6 preview? Just email us at beta@sfrep.com and ask to be added to the list. We'll send details soon.
